## DIGITAL WIRELESS MICROPHONE INSTRUCTION MANUAL

Please read this guide carefully before you begin playing.

### BEFORE YOU PLAY

#### INSTALL BATTERIES

SOULO uses 2 size AA (1.5 V) batteries (not included). The battery compartment is located on the back of the microphone.

Use a Phillips head screwdriver to open the battery compartment door.

Install batteries according to image inside of compartment. Negative (-) and positive (+) ends of each battery must be installed correctly, or an electrical hazard and/or damage to the product could result. Close compartment door and tighten screw to secure.

**Note:** If the batteries wear out, the product's sound may deteriorate. If you are not going to use the product for a long time, remove the batteries from the product. Do not mix old and new batteries. Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries.

#### MICROPHONE

1. ON/OFF BUTTON

#### WIRELESS RECEIVER

2. 30-PIN CONNECTOR  
3. VIDEO OUTPUT JACK

### TO PLAY

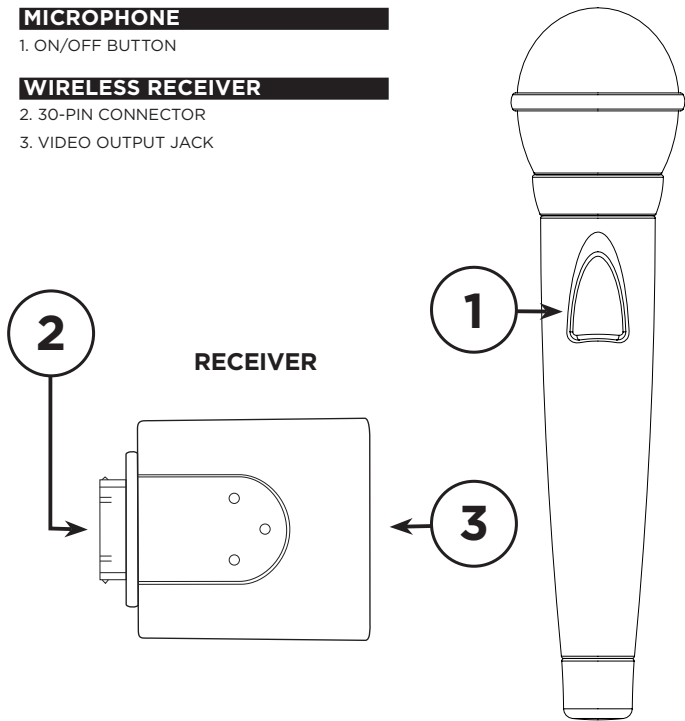

1. Plug WIRELESS RECEIVER into the dock connector of your iPad\*.
2. Download SOULO KARAOKE APP to your iPad.  
**Note:** The first time you connect the wireless receiver to your iPad, you will be prompted to download the Soulo app.
3. Switch ON/OFF BUTTON to power microphone on.  
**Note:** Mic will sync with the receiver in approximately 10 seconds.
4. Go SOULO™!
5. CONNECT TO STEREO/TV  
If you want to connect SOULO Karaoke to a TV for expanded play, a video cable (not included) can be connected from the VIDEO OUT JACK on the WIRELESS RECEIVER to your TV.

If you want to connect SOULO Karaoke to a stereo, a stereo 1/8" audio cable (not included) can be connected from the headphone jack on the iPad to your stereo, speakers, or similar audio device.

**BATTERY LIFE:** Approximately 20 hours

**WIRELESS MIC RANGE:** 20 feet

### WARNINGS

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device complies with Industry Canada License-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.
